CityAirportTrainVienna

nonstop B2B-offers.

up to 5x per hour

Until the end of October 2027, while track renovation work is underway, the City Airport Train will provide a comfortable premium bus service between Wien Mitte and Vienna Airport. During this period, passengers will benefit from a nonstop connection with an increased frequency of up to five buses per hour.

100% flexibility for you

Tailor-made solutions for ticket purchases:

- Individual conditions according to the ticket contingent with no minimum order-limit.
- Handling – simple and transparent:
  - Direct bookings for attendees with up to 100% reduction promo codes.
  - Advanced purchase of CAT tickets. Delivered by mail or digitally.
  - Public transport ticket can be added during online booking.
  - Referral link with commission for your ticket purchase.

100% communication on arrival

Further possibilities to accompany your attendees:

- Co-branded welcome desk in the baggage hall: personally distribute your welcome package incl. CAT ticket.
- Your communication along the transfer route: digital pillars, digi-screens on board of the trains, classic or special advertising and communication formats.
- Communication on the City Airport Train's social media channels.
